"To the best of the author's knowledge…"	=	"We were really too lazy to do a real literature search"
"Results were found through direct experimentation."	=	"We played around with it until it worked"
"The data agreed quite well with the predicted model."	=	"If you turn the page upside down and squint, it doesn't look too different"
"It should be noted that…"	=	"OK, so my experiments weren't perfect are you happy now??"
"These results suggest that…"	=	"If we take a huge leap in reasoning, we can get more mileage out of our data…"
"Future work will focus on…"	=	"Yes, we know there is a big flaw, but we promise we'll get to it someday."
"…remains an open question"	=	"We have no clue either."
